

Commercial offer

Joint Limited Liability Company “CSP BZS” with the address at 137, Komsomolskaya St., Krichev, Mogilev Province, is looking to cooperate with foreign partners – potential customers and users of cement-bonded boards.

Our plant was opened on October, 5, 2015 and it is the sole producer of cement-bonded boards (“CBB”) in the Republic of Belarus.

Cement-bonded board is a composite sheet building material, produced from fine wood chips and hydration additives which reduce negative effect on cement by wood extracts. Cement-bonded boards are commonly used in:

- construction of frame and sectional dwelling houses;
- stationary form construction;
- sandwich panel manufacturing;
- house- and building fronts cladding;
- repair, restoration and remedial work
- interior furnishing of dry and wet premises (floor, ceiling, walls, partitions, window sills);
- construction of an additional storey in existing buildings
- roofing
- construction of fences and various protective structures;
- etc.

Cement-bonded plate is a construction material applicable in all climatic regions.

Furthermore, cement-bonded board is the main material for stationary form construction with VST system which is widely used in construction in European countries.

Main characteristics of cement-bonded boards:

- high strength
- moisture resistance
- fire resistance
- frost resistance
- fire safety
- soundproof
- resistant to fungus, rodents, insects, etc.

“CSP BZS”, JLLC offers cement-bonded boards:

Board length: **2 700 – 3 200 mm**

Board width: **1 200 mm**

Board thickness: **8, 0 / 10,0 / 12,0 / 16,0 / 20,0 / 24,0 / 40,0 mm**

Cement-bonded boards are produced in accordance to **HS Code 6808 000 000** – panels, boards, slates, blocks and similar products from plant fibers, straw or wood chips, shred, particles, wood dust and other wood residual sintered with cement, gypsum and other mineral adhesives.

Cement-bonded board produced by “CSP BZS” JLLC is high quality, ecologically friendly product complied with requirements of international and European rules.

High standards of production “CSP BZS” JLLC are confirmed by certificates for the management system according to ISO 9001:2008 and ISO 14001:2004.
